## Golf Club Argenta

Argenta Golf Club

Argenta's picturesque golf course features 18 holes and is located between Ferrara and Ravenna, 40 min from the sea and from Bologna. It is surrounded by the Po Delta regional park, near the Argenta natural reserve Valle Santa. The ideal location to meet sport, tourist, cultural and gastronomic demands. The course is integrated into the surrounding area following its rolling terrain and river banks. Water hazards, low dunes with groves, local essence bushes and six elevated teeing grounds are the main features of this technical and varied track. An idea for a weekend out of town, a midweek break or just to spend two days in a relaxing place and outside of the classic destinations. Our proposal:
